

RYDIN PermitExpress™

Parking Management Software

RYDIN PermitExpress™

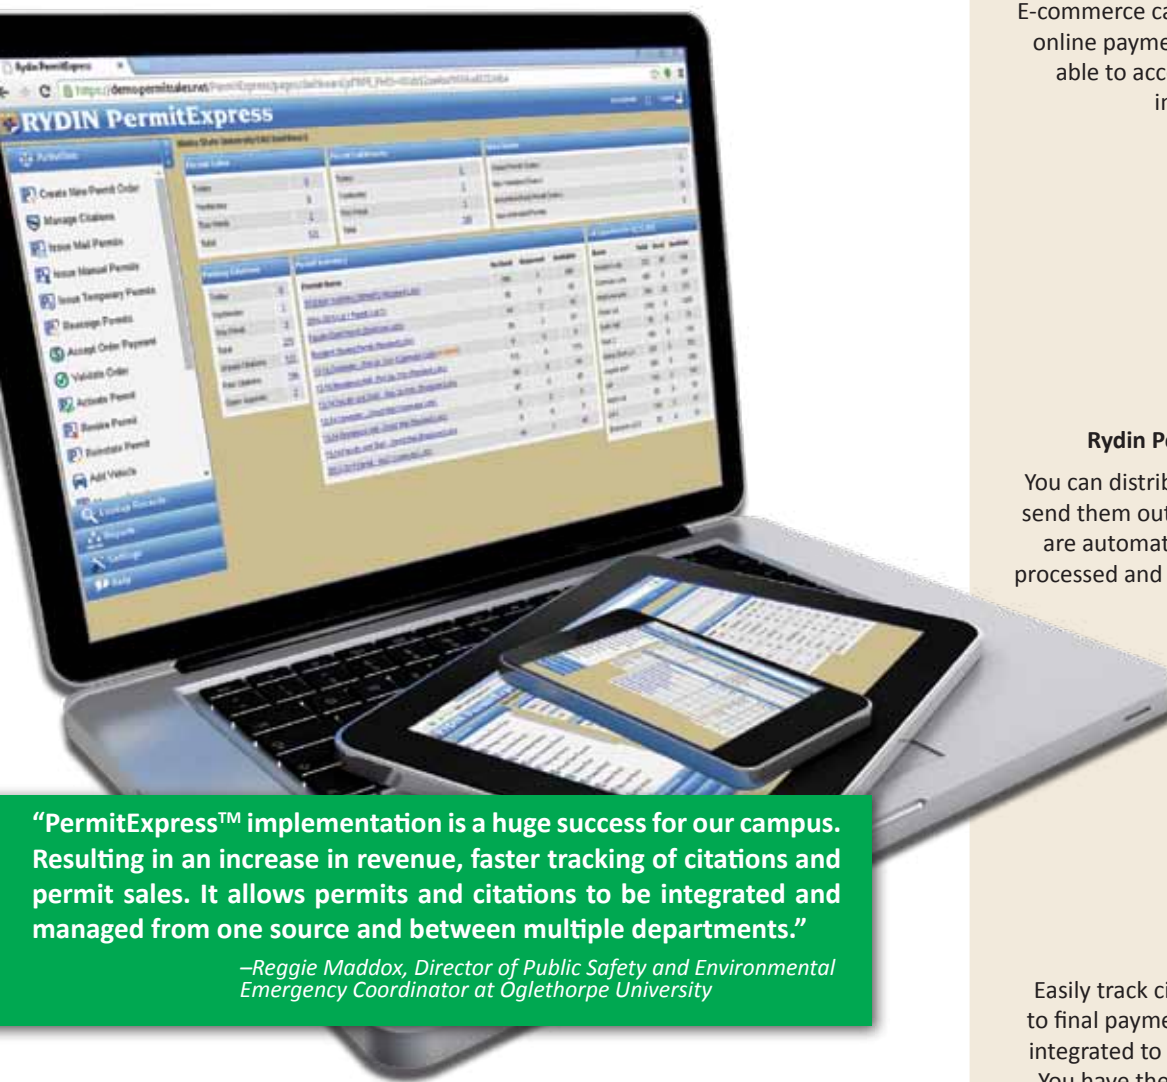

Rydin PermitExpress™ Parking Management Software is a powerful, web-based solution that combines, registration of parking permits, distribution, data and citation management into one easy-to-use platform.

Put Technology to Work for You

With Rydin PermitExpress™ Parking Management Software, you are in control of your parking program.

Save time by eliminating tedious and time-consuming tasks like serving long registration lines, key stroking driver and citation information, & distributing parking permits.

It's simplified parking management™.

"PermitExpress™ implementation is a huge success for our campus. Resulting in an increase in revenue, faster tracking of citations and permit sales. It allows permits and citations to be integrated and managed from one source and between multiple departments."

—Reggie Maddox, Director of Public Safety and Environmental Emergency Coordinator at Oglethorpe University

Simplified Parking Management™

REGISTRATION

Registration is a vital component of parking lot security.

Easily manage parking permit registrations through a custom web portal customized for your institution. E-commerce capability allows you to offer a convenient online payment option for parking permits. You'll be able to access this powerful system through the internet anytime, anywhere.

DISTRIBUTION

Rydin PermitExpress™ gives you options.

You can distribute your permits in house, or Rydin can send them out directly to your customers. Our experts are automatically notified when orders need to be processed and will begin to prepare permits, letters and any other inserts.

CITATIONS

Easily track citations.

Easily track citations from the date they were issued to final payment. If you like, an appeals option can be integrated to work with your current appeals system. You have the ability to offer online payments, 24/7.

Features of Rydin PermitExpress™

Web-Based System

Using Rydin PermitExpress™ is as easy as opening up your web browser. Since it's an online system, you won't have to go through the hassle of installing traditional software. Best of all, the system can be accessed anywhere there is an internet connection.

User Friendly Dashboard

Monitor, update, and search your account using the Administrator Dashboard. Updated in real-time, you can track: online sales, permit distribution, permit activation, citations, temporary permits and much more.

Quick Search

Search Rydin PermitExpress™ based on permit, driver, vehicle, or license plate. Or, simply type your search term into the search field and get instant results.

Safe & Secure System

Rydin PermitExpress™ uses advanced authentication security practices. All data is securely transmitted using SSL-256 bit encryption. Your data remains secure and uncompromised.

Multiple Access Levels

You control who has access to your PermitExpress™ Dashboard & what they are allowed to see. Use our standard permission levels or set your own.

Robust Reporting

Rydin PermitExpress™ comes with powerful reports that produce quick and convenient results. Comparing weekly, monthly and annual reports will enable you to make well informed, strategic decisions.

Custom E-Commerce Webpage

We will help you build your PermitExpress™ e-commerce site to fit your needs and image. You will be able to control how your customers use the site based on your unique rules.

Variety of Payment Options

Rydin PermitExpress™ allows you to setup the following payment methods: credit card, check, cash, payroll deduction, student account billing, and no payment.

Online Permit Sales

Customers purchase their parking permits directly through your customized e-commerce page. They will be asked to populate all required fields and will use an electronic signature to verify they have read and agree with your rules and regulations.

Optional Permit Activation

Ensure that your customers have received their permit in the mail by choosing permit activation. Customers will go online to activate their permit once it has been received and PermitExpress™ will keep track of who has activated their permit.

Banner Integration

Rydin is an Ellucian® Partner, which enables Rydin PermitExpress™ to easily integrate with the Banner® student information system.

Avoid handwritten citations

Don't lose potential revenue! When you eliminate handwritten citations, you also eliminate bad handwriting. Why throw out a citation because it's illegible?

With PermitExpress™, you can create, print, and manage citations from select Android devices. Issuing citations will be faster and more accurate. Mobile devices also enable you take a picture of the infraction, which can reduce the number of appeals.

Real-time information

PermitExpress™ offers a digital ticket writing solution that is updated in real time, allowing you to access to newly registered drivers.

Multiple reports including repeat offenders

PermitExpress™ offers many different reports that dive into all aspects of your parking information, and can be printed on demand.

Email notifications

After the citation is placed on the windshield, you can choose to send an auto-generated email to the offender. The notification provides the offender with a link to go online to pay or appeal the citation.

Online payments and appeals

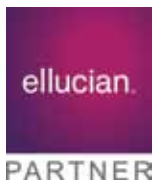

Make the process more efficient. Convenient online options allow offenders to pay or appeal at any time of day. Offering easy payment options can help boost collection rates.

Use PermitExpress™ with select Android Tablets and Smartphones.
