**Motorcycle Permit Tags**  
Motorcycle Permit Tags are a great alternative to traditional decals. They're printed on a sturdy plastic and easy to attach with a zip tie. Permit tags eliminate the hassle of removing sticky adhesive from the commuters motorcycle.

## Bicycle Removal Tags

Abandoned bicycles reduce the number of parking spaces available to active bicyclists and causes safety, accessibility, and aesthetic problems. Bicycle Removal Tags are printed on a composite material. They serve as a warning to the owner of the bicycle, and give the facility the right to remove it at their own discretion.

## Aluminum Motorcycle Tags
