

PERMIT DISTRIBUTION SERVICES

Distributing parking permits to your drivers is a time-consuming and tedious job. Optimize your staff's time and eliminate these low value tasks with **Rydin Distribution Services**.

Our experts will prepare your parking permits and any other inserts, mail them directly to your community members – and get them to your recipients.

The most important aspect of any parking permit fulfillment program is getting the right permits into the recipients' hands on time.

How Rydin Can Help You Streamline Your Permit Distribution Process:

1 Forward Permit and Mailing Data to Rydin

Simply upload a CSV file with your drivers' names, mailing addresses and permit types to our secure FTP site.

Our expert Data Processing Team is automatically notified and will begin to prepare your files for processing.

2 Parking Permit Packets Are Prepared for Mailing

Our team will collate each Parking Permit into an envelope, along with an introduction letter. You can choose to include other important literature, such as:

- News & Updates
- Frequently Asked Questions
- Parking Rules
- Holiday Parking

Orders are processed and typically in the mail within 48 hours, unless an exact mailing date is provided.

3 Permits Are Delivered To Your Recipients

The parking permits are sent directly to your drivers!

You will receive an updated database that indicate who received which permit number and when their packet was sent.

This no-contact approach makes it easy!
