ELEMENTARY & MIDDLE SCHOOLS

PARENT PICKUP & BACKPACK TAGS

Parent Pickup Products

We've created our Parent Pickup product line to increase security and make arrival and dismissal safe and easy for everyone.

All-In-One Parent Pickup Sheets

Easily distribute your parent pickup tags with this five-in-one product. Each sheet includes two car tags for parents and three backpack tags with zip-ties for securing to students' backpacks. The extra backpack tag(s) can be used for siblings or as extra in case of loss.

Parent Pickup Hang Tags

These hang tags are larger than standard hang tags. Extra large numbers or write-in areas make these tags easier to read from a distance and help expedite arrival and dismissal times.

Backpack Tags

Attach these tags to the student's backpack to easily identify what mode of transportation they are authorized to use to and from school. Help reduce the chances of students ending up in the wrong location or with the wrong people.

Key Tags

A convenient solution for giving parents or guardians access to pick up their children from school or after school programs and activities.

Customize:

All of our products can be customized with your choice of colors, logos, special numbering, back print, foils, and holograms. Choose between sequential numbers, variable data, or abrasive ink!

Backprint

Communicate information such as maps, dismissal rules/diagrams, health guidelines, or school calendars to parents.

RU-29

RL-29

Metallic BlastSM

Secure your parent pickup products with our latest method of applying foils and holograms. Virtually any color foil can be created using Metallic BlastSM.

Sponsorships

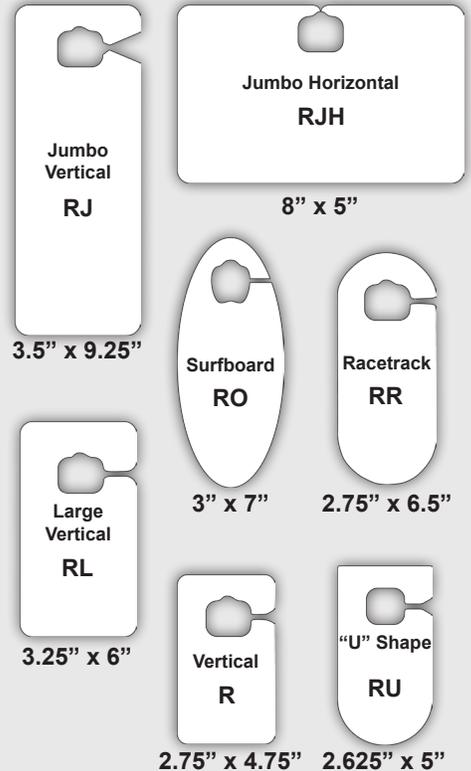

Lower or even eliminate the costs of parent pickup tags with sponsorships. Allowing local businesses to print their information on the back of your tags for a fee is a great way for them to support your school and increase their brand awareness in the community.

Abrasive Ink

If you need to be able to write on your parent pickup tags with marker or pen, simply ask for abrasive ink to be applied to the writing location. Abrasive ink is white with a matte finish and can be applied to both hang tags and decals.

Standard Shapes

Our most popular shapes and sizes are shown below.

PROPERTY ID LABELS

Property ID Labels

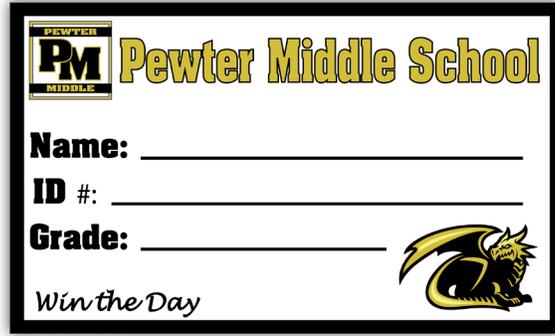

Keep inventory of your school's valuables. These labels are a great way to protect your equipment, such as laptops, tablets, and headphones from being stolen or damaged. These make it easy to record which students are renting or borrowing your equipment to ensure your property is returned.

Customize It

We can add your school's name, logo, phone number, address, barcodes, and /or sequential numbers to help keep track of your school's belongings.

QR-Codes

With the rise of e-learning comes a whole new set of challenges. Provide your students with additional information with the help of QR codes.

PASSES

Standard

Monitor your halls with our easy-to-write-on hall passes. Standard sizes are 10" by 2.75" or 6" by 4", but custom sizes are always available.

Visitor Passes

Identify guest and visitors with our pressure sensitive stickers. These can be written on with pen or permanent marker. Have these ready for special events or

Dry-Erase Hall Passes

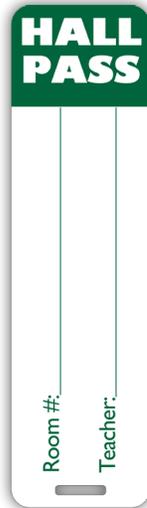

Create a dry-erase hall pass that allows you to assign a name and return time. These passes are printed on 20-Mil composite which gives it this dry-erase surface.

Credential Style

Printing these on a credential style pass allows you to attach it to your school lanyards.

Customize It

We can print anything on hall passes. Add any custom text or images to create a truly unique pass.
